DESIGN

Designed for perfection, the must-have Mercury range cookers deliver the perfect fusion of uncompromising quality, innovative design and performance. Intuitively designed with meticulous attention to detail, the vibrant colours and cutting-edge styling add a bold statement to any kitchen. More than just a stunning appliance, Mercury range cookers are the essence of design, innovation and an authentic culinary experience.

WWW.MERCURYAPPLIANCES.CO.UK

With authentic appeal and insistence for design integrity, interpret your lifestyle with an iconic Mercury cooker. An object of desire for the style conscious, the Mercury range will evolve in any kitchen scheme. A style icon renowned for its instant professional design, the Mercury range delivers capacity and flexibility in the form of a timeless classic. The alluring elegance of British design provides constant innovation, synonymous with good food and inspirational style.

POWER

These trend-setting range cookers are designed and manufactured in the UK to the highest standards. The defining feature of the Mercury range is its striking design, available in a variety of hues. Bringing together top-quality performance and unique, unrivalled design, this exclusive look is a perfect match for any style of kitchen.

Offering the choice of a powerful gas hob or sleek-look induction top, the Mercury range provides you with ultimate control and superior performance.

Mercury cookers will let you indulge in your favourite culinary dishes with their two large high-performance ovens. The multifunction oven is complete with stay-clean removable liners. The robust dual circuit grill features a fully extending gliding tray.

WWW.MERCURYAPPLIANCES.CO.UK

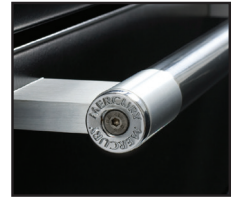

Glide-out Grill

The separate robust dual element grill has been beautifully styled and designed to offer adjustable heights with an extendable gliding tray.

Hi-Fi Style Controls

Heat control is delivered in style, with 9 eye-catching Mercury designed hi-fi style controls. Each one offers precise cooking control from the hob burners to ovens and grill.

Seal of Quality

With authentic appeal and insistence for design integrity, interpret your lifestyle with an iconic Mercury cooker.

Telescopic Shelving

Tough and durable, yet completely flexible, the ovens are equipped with heavy-duty stainless steel shelves including a telescopic shelf, runners and wire work.

Design Detail

Each and every Mercury range cooker comes with a branded plinth as a statement of quality and high design.

MAKING YOUR CHOICE

There are many different options to choose from depending on your preference for size, colour and fuel type. Our innovative designs are available in 1000mm, 1082mm and 1200mm widths and a selection of handpicked finishes from Snowdrop, Blueberry, Truffle and Ash Black to Oyster, Liquorice, Stainless Steel and Purple Haze. Finally, choose an induction or dual-fuel model to suit your cooking needs.

STEP

1

SIZE

MERCURY 1000

Packed with high performance features, the smallest of the Mercury range cooker collection delivers sleek design and an uncompromising cooking capacity.

MERCURY 1082

This iconic range cooker is also available in the design-led Mercury colours, as well as dual fuel or induction for flexible cooking.

MERCURY 1200

Make a statement with this two-oven cooker that combines all the features and functions you'd ever need with effortless, elegant design.

STEP 2 COLOUR

A colour injection through stylish, contemporary appliances is the perfect way to enhance and transform your kitchen; choose from 8 stunning colours in the Mercury range.

STEP 3 FUEL TYPE

Offering the choice of powerful gas hob, or sleek-look induction top.

INDUCTION

Fast, responsive and incredibly controllable, induction cooking is becoming increasingly popular.

ENERGY EFFICIENT

Up to 90% energy efficient, heating the pan directly, rather than the hob surface.

SAFETY

The hob surface retains minimal heat, making it safer for those with small children.

EASY TO CLEAN

Since the hob top stays cool, spillages will not stick or burn onto the surface, making cleaning a simple wipe-down.

DUAL FUEL

Offers 5 professional standard burners, including a 5kW central burner.

CAST IRON PAN SUPPORTS

Solid cast iron pan supports create a large, controllable cooking space.

POWERFUL BURNERS

Powerful gas hob with ultimate control and superior performance.

WOK CRADLE

Create authentic Asian cuisine on the 5kW central burner, which can hold a specially designed wok cradle.

FINISHING TOUCH

Every kitchen needs good extraction so our hoods and canopies are not only highly practical but they also provide the finishing touch to your Mercury range cooker. To complete the look, we also offer a 1000, 1082 and 1200 width stainless steel splashback for that professional look – everything you need to make a statement in a sophisticated kitchen.

WWW.MERCURYAPPLIANCES.CO.UK

Mercury extraction canopies are powerful and features a variable speed centrifugal fan, removable air filters and integral spotlights for superior, highly effective hob illumination.

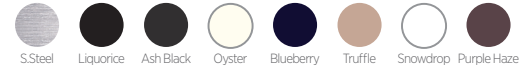

A perfect match for the sleek, contemporary lines of the Mercury range cooker, these stylish hoods offer powerful extraction rates and come in a choice of colours to complement or contrast your cooker.

SPECIFICATIONS

1000

 Dimensions (mm) 1200 (w) x 15 (d) x 800 (h)

*Mercury range cookers and canopies come with a 3 year warranty. The 3 year warranty covers any mechanical breakdown and cosmetic deterioration associated with a manufacturing defect. Items that are not covered under the 3 year warranty include griddles, wok rings, grill pans, trivets, filters, light bulbs and other consumable accessories. Also not covered is any damage caused other than through normal use, breakdowns associated with cooking spillages, and cosmetic deterioration deemed to be normal wear and tear. Costs will be incurred if a service call is arranged and no fault is found.
