More information about the Lacanche electric fryer and chargrill hob options

### **Electric Fryer**

Top quality deep frying requires a high-end fryer: to achieve the right results, the combination of high oil capacity and adequate power is essential. The Lacanche deep fryer has a 6-litre capacity, it cooks rapidly and guarantees excellent results. It has a cool zone, a safety thermostat and a large emulsion zone to ensure safe operation. The working parts, consisting of the heating element and control and safety components, can be lifted out as a unit for easy cleaning.

Includes a removable stainless steel splash guard.

### **Chargrill**

Entirely new in design, the Lacanche chargrill facilitates offer even grilling and healthy cooking, thanks to a device that recovers the juices of the food. It is also very easy to use and simple to maintain.

The Lacanche chargrill is very much like an indoor barbecue. It is perfect for rapidly sealing foods in order to trap all its flavours, whether it's a piece of meat, a fish or some shellfish, the grill enables you to cook using radiated heat, with no direct contact with the heat source. Available in gas and electric versions.

### **Additional gas burners**

If you do lots of hob cooking, adding more gas burners is perfect. You can do this in conjunction with the Traditional hob option, which includes a central simmer plate. The simmer plate heats up thanks to a powerful 5kw gas burner. Cast iron heats evenly all around its surface, thus enabling you to either cook, simmer or just keep your dishes warm before serving.

You can cooker on the simmer zone with multiple pans at once and move pans around to adjust the heat. The further you move a pan away from the centre the cooler it gets.

Help choosing your hob fuel

### **Gas hob**

Appreciated for their performance and ease-of-use, gas burners have always been preferred by chefs. Featuring solid brass burners and heavy robust cast-iron pan supports.

You can add additional simmer plates to gas hob. The simmer plate is made from enameled cast iron. Cast iron heats evenly all around its surface, thus enabling you to either cook, simmer or just keep your dishes warm before serving.

You can also add griddles and wok supports.

### **Electric induction**

Induction is the latest development to be adopted by cooks and offers an easy clean glass-ceramic surface. The technology is safer and allows for rapid and easy adjustment of heating rates whilst giving a very precise control of cooking temperature

### **Lacanche Belmont Classic 180**

Its generous size makes the Belmont Classic a real pleasure to use. The hob allows integration of an additional hob choices.

The two large full temperature ovens on the Belmont Classic make this an ideal cooker, whether for your daily tasks or for those big occasions. You have useful storage drawers and the option to add storage cupboards or simmer ovens.

### **Belmont, France**

Should you be fortunate enough to visit the region you may begin to recognise many of the village and town names as those used to identify the Lacanche collection. Situated in the amazingly beautiful, historic and gastronomically corner of France, Belmont is no different.

Help choosing your oven types

### Static oven with grill

Heat travels into the oven from the top and bottom, and without a fan to dry the air, the oven is more moist – ideal for traditional meat cooking. Heat will raise making the top of the oven hotter than the bottom allowing you to cook different items at different speeds.

### Dual function oven with grill

A convection oven heats up quicker and provides an even cooking environment – ideal for batch cooking items together. Dual function ovens allow you to swap between convection, static or grill.

### Gas oven

Always being famous for their high performance and recently improved for 2016 the new gas ovens now range from 100°C to 260°C. Great for roasting and slow cooking.

### Simmer oven

The vertical electric warming oven can range from 30°C to 110°C. Ideal for keeping dishes warm, cooking at low temperatures or heating plates before dishing up.
