next to Traditional  
hob option

More information about the Lacanche electric Plancha

### **Electric Plancha**

The smooth cooking surface on this flat-top grill enables rapid, precise direct-contact cooking of a wide variety of ingredients. These include thinly sliced vegetables, fish, shellfish and meats.

The Lacanche electric Plancha is highly regarded for its ability to seal rapidly without the need for much oil or fat. The rate of cooking is easy to adjust.

Stainless steel lid and removable splash guard are also included.

Smooth griddle	£240
Wok support ring	£82
Trivet	£28

Help choosing your hob options

### **Classic gas hob**

Appreciated for their performance and ease-of-use, gas burners have always been preferred by chefs. Featuring solid brass burners and heavy robust cast-iron pan supports.

### **Traditional hob upgrade option**

The *Traditional* hob option includes a central simmer plate which is made from enameled cast iron. The simmer plate heats up thanks to a powerful 5kw gas burner. Cast iron heats evenly all around its surface, thus enabling you to either cook, simmer or just keep your dishes warm before serving.

### **Induction hobs**

Induction is the latest development to be adopted by cooks and offers an easy clean glass-ceramic surface. The technology is safer and allows for rapid and easy adjustment of heating rates whilst giving a very precise control of cooking temperature

### **Lacanche Saulieu Classic 110**

Its generous size makes the Saulieu Classic a real pleasure to use. The hob allows integration of an additional hob choice.

This double oven range is for gastronomes, whether for everyday enjoyment or special occasions.

## Lacanche Saulieu Classic 110 1105mm range cooker

Help choosing your oven types

### Static oven with grill

Heat travels into the oven from the top and bottom, and without a fan to dry the air, the oven is more moist – ideal for traditional meat cooking. Heat will raise making the top of the oven hotter than the bottom allowing you to cook different items at different speeds.

A grill is also included for browning and traditional grilling.

### Dual function oven with grill

These ovens allow you to swap between static, convection or grill functions at a flick of a switch.

Fan ovens are the most popular oven type. A convection oven heats up quicker and provides an even cooking environment – ideal for batch cooking multiple items together.

### Gas oven

Always being famous for their high performance and recently improved for 2016 the new gas ovens now range from 100°C to 260°C. Great for roasting and slow cooking.
